

# Cedar Hill School Science Fair 2010

## Student Contract

I understand that I am choosing to complete a Science Fair Project that meets the following requirements:

- I will do all my work at home and **independently**. I will only allow my parents to help if the experiment is dangerous or requires materials that I cannot purchase independently.
- I will apply the steps of the scientific method.
- I will conduct research and collect data.
- I will set up and conduct experiments.
- I will organize my information and experiment in a neat and thorough manner.
- I will complete a minimum of **10** journal entries.
  - An entry will be made every time I work on my science fair project.
  - A minimum of five entries will be completed for each conference I have with a Science Fair Advisor or my teacher.
  - The entries will be dated, well organized, and thorough.
  - The entries will include drawings or charts that show:
    - Hypothesis
    - Experiment plans
    - Materials needed for and used in the experiment
    - Results
    - Conclusions
- I will summarize my experiment and results on a tri-fold poster.
- I will present all my materials at the Science Fair on Sat. March 13, 2010 from 8:30-12:00 noon and again on March 15<sup>th</sup> for a student assembly.
